Does anyone want a sausage?

Let's make Daniel's lion—or David's sheep!

Did you know?

Three people are recorded in the Bible as having had no food for forty days. They were Moses, Elijah and Jesus. Read about them in Exodus 34:27-28, 1 Kings 19:2,8 and Matthew 4:1-2. These three great men also met each other in a miraculous way on a mountain. Mark 9:2-8 tells of this incident. They will meet again in the Kingdom of God on earth when Jesus returns.

Our eyes—created by God!

In the book of Psalms we read “I am wonderfully made” (Psalm 139:14). Think about your eyes. Eyes are very intricate, with many parts that work together. If your eyelids weren’t there, you would go blind very quickly because the delicate eyeball would not be protected. If you had no eyelashes you would have problems with things getting stuck in your eye. The eye has many parts which ALL

need to be there for you to see properly. It is no use having a lens but nothing to detect the light at the back of the eye. Having a good lens and the back of the eye working well is no good if the jelly in your eye is dark and lets no light through. The list of parts of the eye that need to work properly for you to see is long. However, people who believe in evolution believe the eye came by chance from lots of small changes—each change being an advantage, they say. This is not possible. The intricate parts of the eye work together to give sight, and each on its own is

almost completely useless.

So it is with other parts of our bodies—and with the plants in the garden and the animals in the jungle. Even our cells—the small parts our bodies are made up of—are complicated beyond understanding. Just as you would assume a watch or a car didn’t just “happen”, so the creation around us shows that there is a
